THE PERFECT PACKAGE

Poly Print's strategy to tackle waste packaging is pioneering sustainability for the food industry.

Established in 1969 by the Garcia family, Poly Print’s purpose is to deliver high-quality prepress, printing, adhesive laminations, laser certification, and more. By applying its experience, and resources, the business is devoted to steadily evolving within the flexible packaging market. Its core market is the food industry with outputs including Labels, tea, coffee, pet food, dairy, produce, non-foods, learn and garden, and industrial sectors, among others. They are located in Buenos Aires, Argentina, and have significantly grown the company across numerous areas. Among them, the President of Poly Print, "I would consider us to be leaders in the demographic, printing, and flexible packaging sector, both in customer base and brands across the U.S. and Argentina."

Towards the 50th anniversary, and how they've been able to consistently maintain its operation over the last three decades. "Our passion and expertise in flexible packaging, as well as our focus on customer service, is what sets us apart from others in the market. We strive to provide the best possible products and services to our clients, ensuring satisfaction and loyalty."

This dedication to excellence has led Poly Print to establish a strong reputation in the industry, solidifying its position as a leader in flexible packaging solutions.
our industry, and we are committed to driving for continuous change, growth, and improvement through our interaction with customers, employees, and partners.
